

Camp James Ray Canoe Usage Notice

Due to rescue and safety requirements, no groups will be allowed to canoe from the shore of Camp James Ray on Lake Texoma if the forecast for wind speed is above 15 MPH for the day of your reservation.

The range staff will monitor the forecast from the National Weather Service website for the weekend and will determine if canoeing will be permitted.

All canoes must be rented via our reservation system at least 7 days prior to arrival.

<https://campreservation.com/571/Camps>

It is the responsibility of the persons renting and using the boats to have all BSA-required training for this activity and follow the [Guide to Safe Scouting](#) and [Age Appropriate Guidelines](#).

Thank you.
