

Camp Baker

Camp Baker is 375 acres of heavily wooded land leased from the Army Corps of Engineers. Located on the northeast side of the juncture of the Albemarle Chesapeake Canal and Centerville Turnpike, in Chesapeake, Virginia, Camp Baker is open for short-term camping. Many scouting activities such as camping, hiking, pioneering, wilderness survival, nature, and bird study can be conducted here. Thanks to the Associated General Contractors, the camp includes an activity shelter and latrines. Campers will need to supply their own water. It's a great place to bring your troop and get "back to the basics." For reservations or information, please visit up online at <https://camppreservation.com/596/Camps/503>.
